## WIZMASTER

### One Year Limited Warranty

Spectravideo warrants to the original consumer purchaser that your joystick is free from any defects in material or workmanship for a period of one year from the date of purchase. Within the warranty period, SPECTRAVIDEO will repair or replace the unit free of charge.

This warranty does not apply to defects resulting from alteration or abuse of the unit.

Any applicable implied warranties, including warranties of merchantability and fitness, are hereby limited to one year from the date of purchase. Consequential or incidental damages resulting from a breach of any applicable expressed or implied warranties are hereby excluded. Some states do not allow limitations on how long implied warranties last and do not allow exclusion of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state.

After the one year warranty period, if your joystick requires service, SPECTRAVIDEO will service the unit on receipt, postage paid, and all service expenses will be borne by the customer.
