ERBE

Estimado amigo:

Poder ofrecer por primera vez los videojuegos correspondientes a las películas que actualmente están batiendo o han batido todos los récords de taquilla en el mundo no era una misión fácil, sin embargo, en ERBE lo hemos conseguido.

Por eso no podemos evitar sentirnos orgullosos al anunciaros los lanzamientos de los siguientes títulos:

Indiana Jones y la última cruzada.

Batman.

Moonwalker (Michael Jackson).

Los intocables.

Viaje al centro de la Tierra.

Todos estos títulos, que irán saliendo de forma escalonada de septiembre a diciembre, forman la campaña "ESTO ES HOLLYWOOD".

Una campaña que va a ser sonada, no sólo por la publicidad masiva de la que va a ser objeto, sino por el SUPER-PREMIO final, "UN VIAJE PARA TRES PERSONAS A LOS ANGELES (CALIFORNIA) DURANTE OCHO DIAS", visitando Hollywood, Disneylandia y los Estudios Universal, donde se encuentran los decorados y efectos especiales de películas como Terremoto o Tiburón, entre otras.

Como te puedes imaginar, el despliegue publicitario va a ser enorme, incluyendo desde posters (de los que ten envío algunas muestras para que vayas ambientando tu local) hasta displays/expositores, que serán un reclamo impresionante para la venta.

Anuncios a TRIPLE PAGINA en Micromanía, y a doble en el resto de las revistas del sector, completan una campaña de la que estamos seguros que, por lo extraordinario de los títulos y el esfuerzo promocional con que van a ir apoyados, va a ser el éxito de estas próximas navidades.

Un abrazo.
