- PAYMENT IN POUNDS STERLING AND MADE PAYABLE TO "A.J. COOK" PLEASE -
Payment as cheques or postal orders please; I am afraid we do not accept
Credit Card or Switch. If cash is sent, it is at your own risk.
However, if this is done we recommend recorded delivery for the purpose.
No parcels will be sent before payment is received.
Please allow 10 days for delivery, although we aim to be a lot quicker.

- ALL ORDERS MUST ADD THE PRICE OF POSTAGE -

There is no separate tariff because prices depend on what you buy. Postage can
either be estimated on payment or reimbursed to us on receipt of the parcel.

- If an item is not in stock a credit note to the same value will be substituted unless requested otherwise. This credit note must be enclosed with subsequent orders.
- If you are not happy with the goods you have ordered they may be returned within seven days for a replacement or full refund. However, we retain the right to refuse or reduce a refund or replacement if goods have been tampered with or are in a worse condition than when originally despatched.
- All electrical items are tested before despatch. Please check them carefully on receipt before using them. We can not accept responsibility for goods that cause damage to people or items.
- All items are originals, boxed with instructions unless other wise stated, although not all programs with photocopied instructions are listed as such.
- Items with a number after the price [E.g., Utopia (x2)] means that we have that quantity of the item.
- When ordering please state the page number of the items and the format.
- Just because what you want is not on the list it does not mean that I have not got it or cannot get hold of it.... please ask.
- If you have problems reading this catalogue we can print a bigger version for you, but genuine requests only please, it's a lot more paper and ink.
- If you want guaranteed delivery, by Omega/Securicor (Pony Express), then please add £6 to the price of goods.

Merline-Serve is run by and primarily for CPC users, aiming to supply good quality goods at cheap prices. The service is run on a non-profit making basis. David Crookes said in Amstrad Action 115 "The service is brilliant...fast and friendly are the key words surrounding Merline-Serve. You could say it is the best thing to happen to the CPC in years." We try very hard to get all things done as quickly, cheaply, correctly and friendly as possible. Although things are not always so fast, we get there in the end.

***** NOTICE TO ALL DECIDING ON CPC ORDERS *****

At the end of September we are going/have been to the WACCI Convention in Walsall. At this convention we hope to/have sold many items that will not yet be reflected in these catalogues. When placing orders please take into account that items listed are not necessarily available. We do apologise for this inconvenience. We will be updating the catalogue as soon as possible and do not estimate it taking as long as last year because we plan to be organised (shock horror).
