Introducing

MEGABLASTER

the joystick that's big on performance and small on cost.

The name **KONIX** is synonymous with success when it comes to joystick design and technology. The **KONIX MEGABLASTER** offers all the firepower of more expensive joysticks without costing you the earth. Its hand grip fits you perfectly – whether you're left or right handed – and it performs equally well when table top mounted. With the **MEGABLASTER** you get traditional **KONIX** reliability plus a whole lot of joystick for your money.
