WICO

# COMMAND CONTROL

**IF YOU PAID THOUSANDS OF DOLLARS FOR AN ARCADE VIDEO GAME, THIS IS THE JOYSTICK YOU'D GET.**

When arcade owners invest in a video game, they want the most durable, most accurate, fastest control money can buy. That's what WICO delivers. That's why over 500 different arcade video games use WICO controls.

Now you can use WICO controls at home. Buy this joystick and get the same design, same high quality and same high scores you get in the arcade.

Play any game with a Command Control joystick and you get arcade thrills, arcade excitement, "arcade fever." This stick won't let you quit.

WICO's been making arcade controls for over 42 years. Our patented leaf switch design and indestructible construction are built into every WICO joystick — for the arcade and the home. Arcade owners won't settle for anything less. Why should you?

## **EXCLUSIVE COMMAND CONTROL FEATURES**

- Extra-long arcade-type bat handle built on a solid steel shaft mounted in WICO's ultra-smooth arcade diaphragm module.
- WICO's patented arcade design features 6 ultra-sensitive WICO leaf switches — each proven capable of surviving more than 3,000,000 activations.
- Two authentic arcade fire buttons give you lightning-quick firepower whether you're left- or right-handed.
- Built to survive a lifetime of punishment, with virtually indestructible injection-molded modular construction.
- TWO-YEAR LIMITED WARRANTY.
