# WICO COMMAND CONTROL

IF YOU PAID THOUSANDS OF DOLLARS FOR AN  
ARCADE VIDEO GAME, THIS IS THE JOYSTICK YOU'D GET.

When arcade owners invest in a video game, they want the most durable, most accurate, fastest control money can buy. That's what WICO delivers. That's why over 500 different arcade video games use WICO controls.

Now you can use WICO controls at home. Buy this joystick and get the same design, same high quality and same high scores you get in the arcade. Play any joystick game with

Command Control and you get arcade thrills, arcade excitement, "arcade fever." This stick won't let you quit.

WICO's been making arcade game controls for over 42 years. Our patented leaf switch design and indestructible construction are built into every WICO joystick—for the arcade and the home. Arcade owners won't settle for anything less. Why should you?

## EXCLUSIVE COMMAND CONTROL FEATURES

- The world's first interchangeable joystick grips—all three ergonomically designed to reduce hand fatigue and deliver incomparable directional precision. Each handle slides easily on and off the solid steel control shaft, mounted in WICO's ultra-smooth arcade diaphragm module.
- WICO's patented arcade design features 6 ultra-sensitive WICO leaf switches—proven capable of surviving more than 3,000,000 activations.
- Two authentic arcade fire buttons give you lightning-quick firepower whether you're left-handed or right-handed.
- Built to take a lifetime of punishment, with virtually indestructible injection-molded modular construction.
- TWO-YEAR LIMITED WARRANTY
