NINJA HAMSTER

Designed by Colin Ajayi-obe

"Young Hamster" said old master Yong, "an Acorn is but a small nut. Years pass and it becomes king of the forest".

The Hamster sighed "But master, for how long must I remain a small nut?" The master closed his eyes, "As the snow falls so the grass disappears" he muttered.

After years of hard training, he had learned the mysteries of the sage and the intricacy of the ancient martial arts.

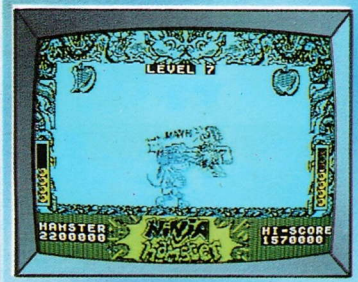

He stood on a high peak and raised his lethal paw up to the sun.

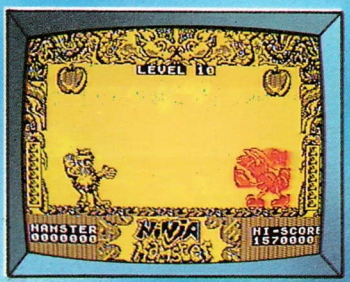

"I, Ninja Hamster, pledge my heart to you, Great Apple, and swear to destroy your enemies".

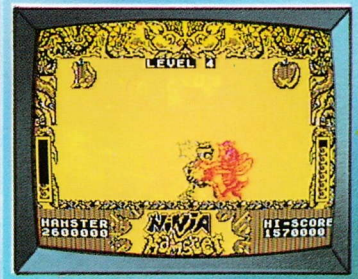

Far below on the plains of the Orient, the Lizards of Death terrorised the lands with their hordes of renegades.

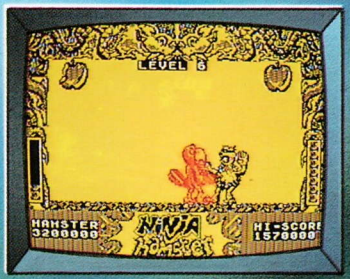

When their paths crossed a legend was born.

Ninja Hamster — even the brave fear his name.
